"Donaev Management Consulting" Company have demonstrated professional approach in implementation of marketing survey on farm incomes and expenditures conducted under TA 4820 «Implementation and Monitoring of Policy Reforms in Agriculture Sector». Specifically I would like to mention that the survey implementation team included professional enumerators and supervisors, which gathered necessary information in 17 the project raions of the Republic of Uzbekistan in a timely manner. Company consultants processed gathered information in SPSS software and presented report with tables and diagrams, as well as with analytical conclusions on the basic outcomes of the survey.

Completed work fully meets the goals set up for the Company.

With best wishes,
